There are 8-10 tons of salt/sand left, they will either cover it or move it to Minocqua for storage. They started cleaning up all the trees and limbs that fell during the ice storm and will chip when road limits are off. They have been performing maintenance and oil changes on the Fire Department vehicles. The letters for the Hazelhurst sign have arrived. They will put something behind the letters to make it stronger. There was damage sustained to the bathrooms at the public landing, roof and power line damage. The electric will be fixed as soon as they can get someone out. Supervisor Fuhrman asked if the crew had signs to mark when powerlines are down. Strasburg suggested that they use old road signs and have stickers made up to indicate powerline down. The board directed that that should happen.
